

## REDUX Recycling in Offenbach resumes operation

Offenbach, 29 August 2019

Dear business partners,

We are pleased to inform you that production at our Offenbach am Main site will resume on 2 September 2019 and we will recommence processing of stocks. This means that we will be able to accept and process your deliveries of device and household batteries as before. We will only be able to accept mixed batteries from 1 October 2019, as we still need to process existing stocks. For logistics planning, please contact our Planning department (T: +49 69 867 873 014 or at E: [hoeft@redux-gmbh.de](mailto:hoeft@redux-gmbh.de)) directly.

Thank you for the confidence, support and loyalty that you have shown us since the fire in May 2019. It is with the support of our customers, partner companies, the authorities and, most importantly, our employees that we have been able to resume full operations so quickly.

If you have any questions, please contact us on T: +49 69 867 873 016 or at E: [jeschke@redux-gmbh.de](mailto:jeschke@redux-gmbh.de). We are available between 8.00 am and 4.45 pm Monday to Friday and look forward to all future cooperation.

Yours sincerely (and environmentally)

Ingo Rosenfeld  
Managing Director

Holger Kuhlmann  
Managing Director
